

# Port 053 – Ames-Montana ERG-Seya

This beamline is PRT owned.

Current as of June 2012

---

## Beamline

Ames-Montana Combined ERG-Seya  
608-877-2053

## Manager

Adam Kaminski

## Technical

<b>Energy Range</b>	5 – 1000 eV
<b>Focused Spot</b>	ERG spot size is the slit width x 2.5 mm (vertical x horizontal) – adjustable aperture  SEYA spot size is 250 mm x 700 mm (vertical x horizontal)
<b>Automation</b>	Built in
<b>Computer Interface</b>	None needed
<b>Special Feature(s)</b>	Less than 10 seconds to switch monochromators
